- High quality !
- LGA1700 !
- Aluminium !
- AK-CC6609EP01 !

- Ultra lo-profile CPU cooling at 21.8 mm height
- Embedded 75mm PWM fan with long life Enter bearing
- New and easy mounting design
- Multi-directional fins and larger core for maximum system cooling
- Designed for low-powered processors up to 35W TDP

|                                           |                                   |
|-------------------------------------------|-----------------------------------|
| <b>Socket Type</b>                        | Intel® LGA 1700                   |
| <b>Cooler Dimension</b>                   | 85.2 X 87.2 X 21.8 mm (W x D x H) |
| <b>Heatsink Material</b>                  | Aluminium                         |
| <b>Thermal Design Point (TDP) Support</b> | 35W                               |
| <b>Installation</b>                       | Screws and retention plate        |
| <b>Fan Dimension</b>                      | 75 x 10mm                         |
| <b>Fan Speed</b>                          | 600-3000 RPM (PWM controlled)     |
| <b>Max Airflow</b>                        | 23.45 CFM                         |
| <b>Max Air Pressure</b>                   | 1.81 mm-H2O                       |
| <b>Max Noise Level</b>                    | 30,75 dB(A)                       |
| <b>Current Rating</b>                     | 0.19A                             |
| <b>Voltage Rating</b>                     | 12V DC                            |
| <b>Bearing Type</b>                       | Enter bearing                     |
| <b>Fan Life Expectancy</b>                | 40,000 hours / 25°C               |
| <b>Fan Connector</b>                      | 4-Pin PWM                         |
| <b>Product Code</b>                       | AK-CC6609EP01                     |
